Issue Date: July 8, 2026

Contact Person: Head Prosecutor Hong-Mou Jhang

Contact Number: 04-22232311

Number: 115070801

Taiwan High Prosecutors Office Taichung Branch collaborated with Chung-Hua Institution for Legal Research and Taichung City Medical Association held an interdisciplinary, remarkable medical-legal related forum focused on "AI-driven toward a joyful life with our own free will " to safeguard the health and financial security of the attendees on July 7, 2026 at Taiwan High Prosecutors Office Taichung Branch.

The first part of the lecture was given by Dr. Fu Bing-Kuei, Director of the Health Management Center at Taichung Veterans General Hospital, aimed on the topic " Smart Healthcare and Health Management driven by AI. " Dr. Fu offered a clear, understandable introduction to the latest applications of AI technology in assisting doctor with lung cancer diagnosis and interpreting health check-up reports, helping the attendees have a modern mindset for independent and sound health management.

The second part of the program was presented by Attorney Chen Meng-chan of Tanli Law Firm's Taichung branch, she spoke on "AI Fraud Prevention and Smart financial Planning." She taught the attendees how to plan ahead using methods to

avoid disputes, actually achieving individual autonomy to make decisions on both their property and personal affairs.

This lecture with the dual-track content spanned medicine and law issues concluded successfully, leaving the attendees with valuable benefits.

A group photo was taken with the distinguished guests, host, and speaker.
